"SELFSUSTAINED CROSS BORDER CUSTOMIZED CYBERPHYSICAL SYSTEM EXPERIMENTS FOR CAPACITY BUILDING AMONG EUROPEAN STAKEHOLDERS"

SMART4ALL Webinar on Competitive Proposal Preparation for the CTTE Open Call
February 24th, 2021 • 12:00-13:45 (CET)

Taking advantage of the deadline extension for the ongoing CTTE Open Call (https://smart4all-ctte.fundingbox.com/) the SMART4ALL consortium is inviting all interested parties to register for our webinar dedicated to helping all applicants to increase the quality and competitiveness of their proposals.

The webinar will cover the following topics:
- SMART4ALL network of Digital Innovation Hubs
- Open Calls overview
- Guidelines on competitive proposal preparation for SMART4ALL Open Calls
- Presentations by previous open call winners focusing on the aspects of excellence, impact and implementation

You can register for the webinar using the following link:

THERE IS NO REGISTRATION FEE FOR THE WEBINAR. Upon registration you will receive the agenda, the invitation link and the password to the webinar. The registration will be open until February 23rd, 2021 at 12:00 CET (noon).

DISCLAIMER: The capacity of the webinar is 500 participants and we accept the participants on the first come, first served basis. In case all seats are reserved prior to the registration deadline, we may opt to close the registration earlier.

The **SMART4ALL** is an extensive network of Digital Innovation Hubs aiming at boosting digital technology uptake and corresponding business development across South Eastern and Central Europe. It builds capacity via the development of self-sustained cross-border pathfinder application experiments that transfer knowledge and technology between academia and industry. Main domains target are Digitized Environment, Digitized Agriculture, Digitized Transport and Digitized Everything. We invite you to join the SMART4ALL via https://smart4all-project.eu/joinus and to explore our website at the following link: https://smart4all-project.eu/
